Creating a bigger online presence

BUSINESS DEVELOPMENT IDEA

We are providing segregated waste material to large scale companies directly in a way that saves their transportation cost and segregation waste material. Moreover, it will also protect the environment through 3R's

SCRAP DEALERS

RECYCLING UNITS

BUSINESS IDEA

We will buy segregated scrap materials directly from scrap dealers at a higher rate as compared to factory price with condition that materials should be segregated and hence supply materials to different recycling units and companies using scrap materials .

Recycling units and companies will buy scrap material from us in segregated form according to their needs. Hence reducing their cost of segregation. This will increase productivity and hence revenue and profit of companies.

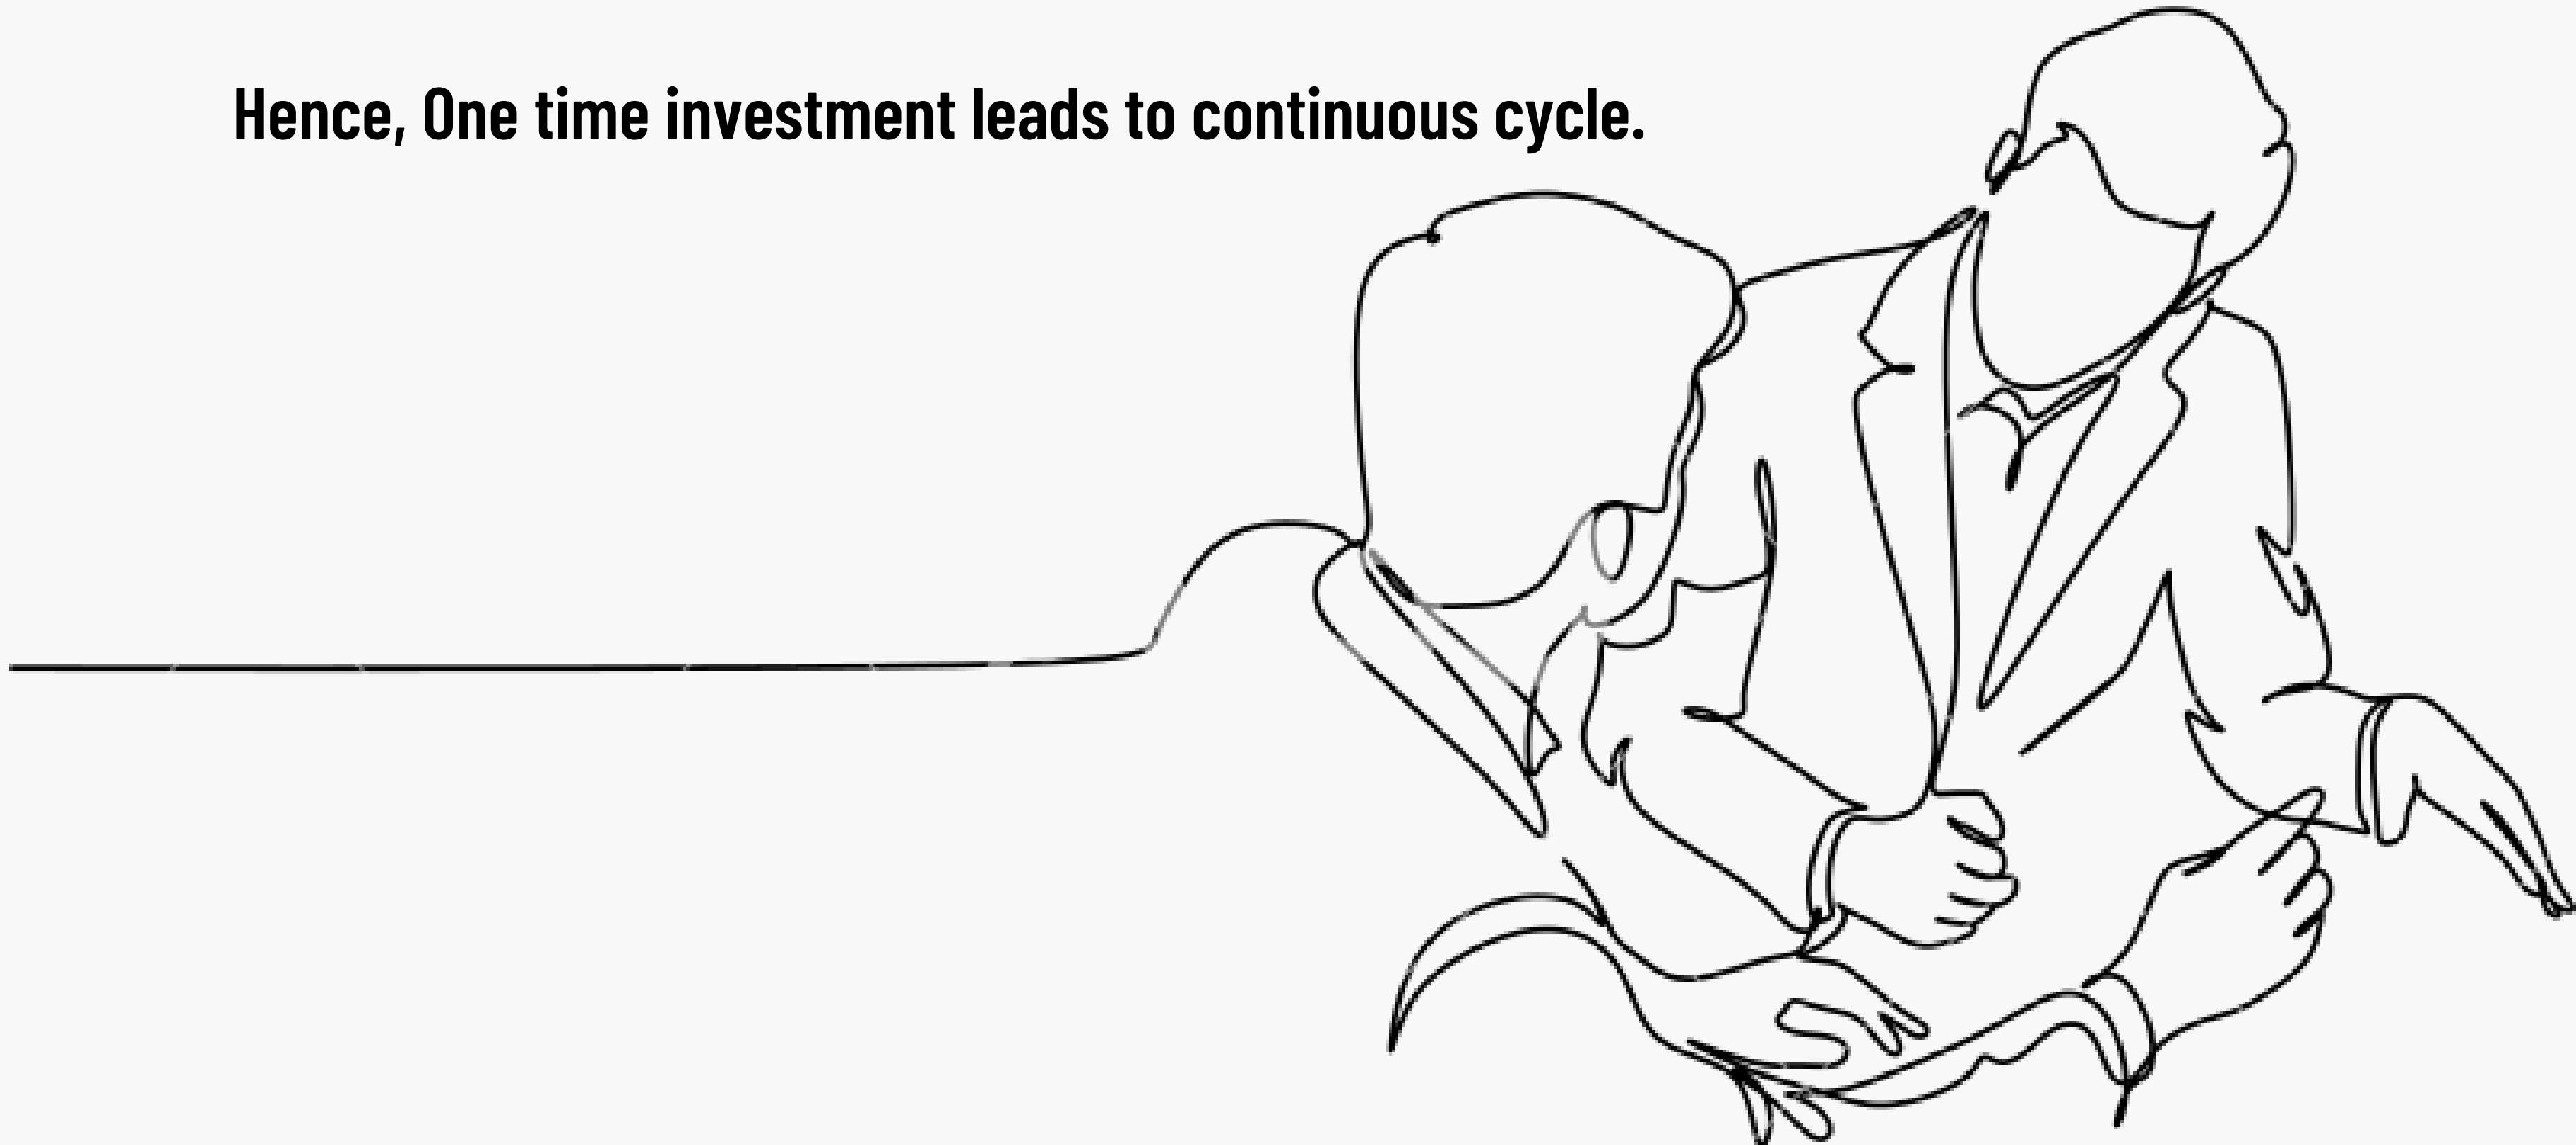

BENIFITS FOR SCRAP DEALERS

- Will be able to sell a small amount to largescale companies.
- Will sell goods at higher rate.
- Expand it's business.
- Digitalization of business.

In temptation of higher productivity , the companies will be forced to buy goods at higher rate, Thus , besides, helping scrap dealers earning profit we can also earn profits.

Hence, One time investment leads to continuous cycle.
